

# MEASURING CASE „PROFI“

Handy measuring case for safe storage of measuring instruments and measuring implements/utensils

## Measuring case „PROFI“ Art.-No. 100047

## Inhalt

- ✓ 1x pH measuring instrument „Profi“ (Art.-No. 100037)
- ✓ 1x Conductivity measuring instrument „Profi“ (Art.-No. 100038)
- ✓ 1x Measuring jug 50 ml
- ✓ 8x Spare batteries
- ✓ 1x 20 ml Calibration liquid Conductivity 1413  $\mu\text{S}$
- ✓ 1x 20 ml Calibration liquid pH 7
- ✓ 1x 20 ml Storage solution pH electrodes
- ✓ 1x Hand-held card for converting conductivity to hardness
- ✓ 1x Hardening drops
- ✓ 1x Measuring cuvette for hardness drops
- ✓ 1x Instructions measuring instruments
- ✓ 1x Magnet

## Proper documentation is ensured with UWS measuring devices!

Measuring instruments are a constant companion for you as a heating specialist. They are indispensable for the required documentation on initial filling, replenishment and maintenance of the system.

## Measuring set „Profi“ Art.-No. 100039

## Technical data Measuring case „Profi“

Features	pH-Measuring case	Conductivity measuring instrument
Measuring range	0,0 to 14,0 pH	0 to 1.999 $\mu\text{S}/\text{cm}$
Indication	0.1 pH	$\mu\text{S}/\text{cm}$ / mS / ppm / ppt
Calibration	manual	manual
Temperature range	0 - 50 °C	0 - 50 °C
Batteries	4x 1.5 V (included)	4x 1.5 V (included)

## Dimensions Aluminium case

Measuring case	238 x 345 x 80 mm
Cardboard packaging	YES
Total weight	5 kg
